

2021 Gordon Estate Rosé

COMPOSITION: 100% Syrah

APPELLATION: Columbia Valley, WA

Fermentation: Fermented in 100% stainless steel tank

Aging: 7 months in 100% stainless steel tank

Winemaker notes: The fruit was pressed within the shortest interval from harvest to yield this delicate salmon-pink color. Optimal fermentation kinetics yield a bouquet of raspberry, sour cherry, rose petals and hibiscus. Although this wine carries a higher pH there is firm acidity on the palate with tart flavors of prickly pear, salmonberries and white peach. The finish is clean and lasting, reminiscent of a red berry sorbet.

Chemistry at bottling:

Alcohol by volume	13.5%
titratable acidity	4.6 g/L
pH	3.79 g/L
